

DIGITISING THE FORCE

Ajar Technology employs smart digital technologies to provide innovative IP security and AV solutions for the Police Force.

Our services and solutions enable constabularies to meet ever-evolving compliance and legislative demands, outperforming regulatory service delivery targets against reducing budget allocations to more effectively engage with the public they serve.

"Although Britain consistently punches above its weight when it comes to digital innovation and technology. In a recent OECD/McKinsey report, the UK was rated as currently operating at only 17 percent of its digital potential."

DIGITAL EUROPE

THE CHALLENGES

- Relentless drive for **efficiency** and enhanced citizen **experience**
- Legacy, disparate, **closed technology** solutions
- Bring-your-own-device **working trends**
- Ensuring **regulatory compliance** in a legislative landscape
- End of life, unsupportable, resource hungry, inflexible, analogue with **disparate systems**
- System **failure risk** and compliance failure risk
- Reducing **budget allocations**

OUR SOLUTIONS

CORE SOLUTIONS

- Control Room Solutions
- IP Physical Security Solutions
- Unified Communications & Collaboration Solutions
- IP Networking & Digital Infrastructure Solutions

- AV Integrated Control Systems & Smart UC Systems
- KVM & Network Switchgear Systems
- Digital Signage & Digital Messaging Systems, IPTV & IRS TV Distribution Systems
- Custody Intercom, Cell Call, Panic and Affray Alarm Systems

OUR CLIENTS

Devon & Cornwall Police

"Can I pass on my thanks for the job at Heysham? Feedback like this doesn't come easily in our environment and such glowing praise from the customer is great, Ajar Technology should be justifiably proud. Please pass on my thanks to all concerned."
